Avan Ray Range

FEATURING AVAN'S UNIQUE PATENTED FULLY INSULATED SOLID WALL EXTENSION, THE AVAN RAY SLIDE OUT RANGE OF POP TOPS OFFERS GREATER VERSATILITY AND COMFORT THAN ITS IMITATION. BUILT WITH OUR SUPER-STRENGTH SMOOTH PANEL CONSTRUCTION, RAY'S SLIDE-OUT REAR DOUBLE BEDROOM BOASTS SUPERIOR INSULATION AND BETTER SECURITY THAN CANVAS.

The Avan Slide out is compact and lightweight, so towing is easy with most medium sized cars. Of course, our Slide out is also an exceptional fuel saver.

Setup is delightfully simple, the slide out's rear door lifts up with the assistance of heavy duty gas struts and the back wall slides smoothly outwards, locking securely into place. Inside, the double mattress folds down onto a solid base. Within seconds, an entire bedroom with large double glazed window is complete. The Avan slide out also features a generous living area because, even with the extension closed, no bed space is taken from the basic floor area. In more ways than one, the Avan slide out extends the boundary for caravan travels. The Avan Ray 402 and Ray 490 slide out sleeps up to 4, whilst the Ray 461 can sleep up to 6 with the bunk, and dinette conversion.
